COMO PESQUISAR NA SCOPUS

DEFINIR A EXPRESSÃO DE PESQUISA

- Podemos adicionar tantos campos quanto os necessários e relacionar os termos utilizando os operadores booleanos (ver Dicas de pesquisa).
- Aconselhamos a deixar ativa a pesquisa no título do artigo, resumo, palavras-chave no caso de pretender fazer uma pesquisa por assunto.

The screenshot shows the Scopus search interface. At the top, the Scopus logo is on the left, and navigation links for Search, Sources, Alerts, Lists, Help, and SciV are on the right. Below the navigation is a dark blue header with the text "Document search". Underneath the header are four tabs: Documents, Authors, Affiliations, and Advanced. The "Documents" tab is selected. The search area contains three rows of search terms, each with a dropdown menu and a plus sign button:

- Search term: exercise. Operator: AND. Search scope: Article title, Abstract, Keywords.
- Search term: health. Operator: AND. Search scope: Article title, Abstract, Keywords.
- Search term: child*. Operator: AND NOT. Search scope: Article title, Abstract, Keywords.
